

Field Trip to St. Joseph Abbey in Covington

In early February, members of the Magnolia Forest Garden Club experienced a beautiful and informative field trip to the St. Joseph Abbey in Covington.

Our very knowledgeable docent, Fred Mayer, showed us the beautiful murals in the Monk's rectory, explaining what each portrayed. We toured the beautiful Church and the well maintained and manicured grounds and then the wood working area. Here the expert craftsmen make the coffins and cremation boxes. The last stop was a tour of the gift shop.

Half the Magnolia Forest Garden Club members enjoyed lunch at Café Rani and the others enjoyed Rip's on the Lake.

All the members expressed gratitude for such an amazing field trip.

Magnolia Forest Garden Club is a member of Louisiana Garden Club Federation, Inc., National Garden Clubs, Inc., and Deep South Garden Clubs, Inc.
