

## NOVEMBER GARDEN OF THE MONTH

The Magnolia Forest Garden Club awarded November's Garden of the Month to Greg and Margo Necaise at 805 Pine Alley. The yard is a fall feast for the eyes with many blooming flowers including coleus, impatiens, sunshine ligustrum, beautiful yellow and orange mums, and airplane, corn, and copper plants. A small wagon of pumpkins, along with a large old family wagon and a friendly scarecrow, seated on bales of hay, completed the wonderful fall decorations. Congratulations to Greg and Margo!

Judges for November were Betty Rose and Judy Cogle.

The Magnolia Forest Garden Club is a federated member of the Louisiana Garden Club, Inc., The National Garden Club, Inc., and The Deep South Garden Club, Inc.
