

Magnolia Forest Garden Club

Garden of the Month Award

July 2021

The judging of Magnolia Forest Garden Club's Garden of the Month for July 2021 was delayed due to the constant rain we were having, leaving grass too wet to cut and gardening chores such as pruning, spraying, and shaping, impossible to carry out. Once the rains diminished some, the Garden of the Month was awarded to Jay and Betty Rose of 525 Oak Alley Drive. Judges were Georgette Frichter and Janet Fouert. The lawn was neatly mowed, the shrubs were trimmed and shaped, and various splashes of eye-catching color brightened the landscape. These included blue plumbago, pink spirea, pink begonias, black-eyed susans, lavender trailing vinca, red knockout roses and yellow lantana, among others. The overall effect of the careful planning and design by Betty and Jay from the beginning makes this yard appealing, not just in the hot summer months, but all year long.
