

August Garden of the Month

The Magnolia Forest Garden Club congratulates Bill and Linda Weber at 414 Ormond for being awarded the August 2023 Garden of the Month. The well manicured grounds had several trees, including a large Palm and Meyer Lemon. The flower beds surrounding the house were beautifully maintained and filled with a variety of plants and shrubs. Gorgeous blooms in a rainbow of colors included yellow Hibiscus, pink and white Curcuma, coral Shrimp plants, ruby colored Ti plant, Limelight Hydrangeas, and blue, purple and white Yesterday, Today and Tomorrow. Hidden among the plants stood a sweet little alligator, who seemed to be enjoying the lovely garden.

Judges were Sandy Solar and Barbara Burgueno.
