

AUGUST GARDEN OF THE MONTH

The Magnolia Forest Garden Club honors the home of Betty Rose for the Garden of the Month for August. Betty's home, located at 525 Oak Alley, is filled with a beautiful selection of trees and shrubs. A large deep bed along the front of the house is backed with Indian Hawthorn, colorful Loropetalum, Blue Plumbago, pink Encore Azaleas, and Roses. Perennials of red and yellow Lantana, yellow Day Lillies, Aztek grass and pink Begonias dot the front of the bed. Two Little John Bottle Brush shrubs flank the entrance walkway along with a large urn filled with pink Hibiscus. This month's judges for the Garden Club were Sandy Solar and Lynda Donaldson.
